DECLARATIONS, CONSENTS AND CONDITIONS PRECEDENT

For the Application, Renewal, Extension or Sub-licence to be processed, please digitally sign, or stamp the form below. This is to record the basis on which the Application will proceed and the uses to which personal information contained in the Application Form may be put.

Where the application is made by a company, a signature from a director is required.

Declaration

The Applicant declares that:

1. the information and data contained in this Application Form and Data Sheet is accurate and complete;
2. reasonable requests by REAL, including requests for documents, in relation to the Applicant's completion of the Conditions Precedent will be answered promptly by the Applicant;
3. the 'Industrially Compostable certification mark' is for the Applicant's use only, subject to the terms and conditions of the 'Industrially Compostable' trademark licence agreement between the Applicant and REAL;
4. the use of the 'Industrially Compostable' trademark may be withdrawn in the event of any breaches of the terms and conditions of the trademark licence agreement between the Applicant and REAL;
5. verification testing requirements during the period of certificate validity will be complied with and the associated annual charges paid for by the Applicant,
6. PFAS has not been intentionally added to the product*, and
7. if the product is a printed product and the 'Industrially Compostable' certification mark is affixed to the product directly, the same inks assessed during the application will be used.

** PFAS's are defined by the OECD as 'fluorinated substances that contain at least one fully fluorinated methyl or methylene carbon atom (without any H/Cl/Br/I atom attached to it), i.e., with a few noted exceptions, any chemical with at least a perfluorinated methyl group (-CF₃) or a perfluorinated methylene group (-CF₂-) is a PFAS'. Please provide written confirmation from any suppliers that PFAS has not been intentionally added to their materials/additives comprising the product.*

Consents

The Applicant hereby consents to Renewable Energy Assurance Limited ("REAL"):

1. supplying the personal data provided in this Application Form to the certification body for the purpose of raising invoices for the certification assessment;
2. supplying the technical data provided in the attached Data Sheet to the certification body for the purpose of carrying out the certification assessment;
3. retaining the data in the Application Form for the term of the certificate issued by the certification body;
4. entering and retaining the Applicant's name, contact information, product type, product description, and product registration number on the CMCS database and website;
5. passing the Applicant's name, contact information, product type, product description, and product registration number to the certification body for entry onto their database and website.

REAL and the certification bodies are committed and have agreed to keep the information, which is obtained in the course of certification and cooperation, confidential. The information shall not be disclosed to any third party without the written consent from the Applicant. This obligation does not apply where the law requires information to be disclosed to a third party or due to orders of a competent court or an administrative or supervisory authority or an accreditation body. Both sides keep the Applicant informed of the information provided. Though please note that the certification body is not required to notify the Applicant in advance of providing information to an accreditation body.

Conditions Precedent

<p>The Applicant recognises and accepts that REAL:</p> <ul style="list-style-type: none">• will not enter into the Industrially Compostable trademark licence agreement with the Applicant; and• shall retain any certification of registration received from the certification body <p>until the Applicant has complied with the following conditions precedent:</p> <ol style="list-style-type: none">1. payment of all fees of the laboratory engaged to test the product to which this Application relates;2. payment of all the certification body's fees.
<p>The Applicant acknowledges receipt of the following documents:</p> <ul style="list-style-type: none">- the REAL Industrially Compostable Products certification scheme rules;- DIN CERTCO's or TUV AUSTRIA's general terms and conditions (depending on the chosen certification body);- the draft Industrially Compostable trademark licence agreement.
